Figure

2. Now ladies center and back to the bar – gents to the middle with a right hand star
Star by the right and don’t be slow – the other way back and don’t you know
Go left hand star and meet your honey with a right hand ‘round – go all the way ‘round
The corner lady with a left allemande and docey ‘round your pretty little girl
Now ladies center with a left hand star – star with the left and all the way ‘round
Meet your honey with a right hand ‘round –

And turn them ‘round and star by the left and don’t fall down
Now gents drop off at your own home bar – and the gals keep going with a right hand star
Gents step in right behind your girl – star by the right and away you whirl
The gals reach under with your left hand – and allemande left with a right and left grand
Right and left hand over hand – meet that lady that new little girl and promenade

Break

3. Allemande left and allemande thar – go right and left and you form a star
With a right and left you form a star – back up now but not too far
Now swing right around to the next little girl – then promenade go ‘round the world
And you promenade eight and you promenade all – and get around home and don’t you fall

4. Repeat no. 2, above

Ending

5. Now promenade in single file – lady in the lead and you go about a mile

Make a little wheel and spin it a while

Now spin that wheel and roll it along – and you turn right around you done gone wrong

Turn right around and go the other way

Gents reach back with your left arm – a do-si-do will do no harm

Do-si-do and around you go – just keep on going on your heel and toe

I've got an ole cow, she's as black as silk – she eats green grass and gives white milk

The more you squeeze the more you pull – the quicker you get that bucket full

Back to your honey and promenade – go two by two right off the floor and we're all through
